**don't take our word for it.....**

"The team couldn't do enough to help and needed very little direction from us They were pro-active, dynamic, supportive and worked as an extension to our team

They brought great energy to the event as well as glamour!

We wouldn't hesitate to use ice for all of our events and especially for the luxury sector"

**Ms. Carrie Cameron-Smith - Project Director - Bentley Conference**

"The event was a huge success greatly enhanced by the superb team from ice

If you're looking for a promotional team that offers total professionalism I'd have no hesitation in recommending ice"

Welcoming over 25,000 race-goers to the Grandstand area for the days of the Derby Festival with a glass of Jacobs Creek Sparkling Rose presented perfectly to every one of them as they arrived was a big challenge and one that you and your team managed with total professionalism. A great job as usual"
